

CONNECTION Z16

Machining Center model CONNECTION

CNC Z16 C D.ELECTRON 128 Kb memory with turbo CPU

LCD color display

Axes Stroke: X - 600mm, Y - 600mm, Z - 800mm

Tool change: ISO 45 NF

standard tool change 42 positions

Spindel speed: 30 -4000 rpm

Rapid feeds (m/min.): 40

Rotary table B-axis number of positions: 360

Pallet Dimensions (mm): 550x550

Chip conveyor

External coolant reservoir with low pressure pump

High pressure pump with centrifugal filter

U-axis Rotary axis pallet change 4 positions

1 load/unload station

Pneumatic system FESTO

Optical measuring scales Heidenhain

Electrical circuit diagram and PLC documentation

User- and service manual
